

HI Donald, we just wanted to say thanks again for our siberian husky pup which who was originally called Zoe 2 or 3?? but who we now call Sable de la fleur - Sable for short..... after the fleur de lis on her forehead! Here's some pictures. She's 3 months old now and a delight- what a beautiful personality she has..... Our daughter, Christa, arranged with you to get her for us at Christmas and she had become a part of our family already! Thank you again for sending her to us and for helping Christa through the purchasing process! You were wonderful! Charlene and Steve and Christa Kimmel

Here's some new pictures of Sable- she is the sweetest pup we have ever had- really free with the kisses, and loving to everyone.....also, ever ready to play. She prefers labs and retrievers to all the others.....we take her to the bark park almost every day to play.
Thanks so much! Charlene Kimmel
